

YOU CAN RELAX. IT'S RIFINITI RESERV

Meetings. So many. So important. So frustrating to plan when space is at a premium. Work habits are changing every day, and it's not just scheduling meeting rooms that presents a challenge. Hot desks also are in high demand as more and more people work remotely and need a desk when in the office.

Relax! Rifiniti Reserv is an innovative and intuitive real-time scheduling solution designed to simplify the often challenging process of booking meeting rooms and hot desks. The cloud-based Rifiniti Reserv makes the process straightforward and swift whether that space is down the hall or across the globe.

Rifiniti Reserv does more than just simplify booking. In the process, it:

- SAVES THOUSANDS OF STAFF HOURS EACH YEAR
- REDUCES ENERGY COSTS
- IMPROVES EMPLOYEE ENGAGEMENT
- DRIVES PRODUCTIVITY
- DECREASES FRUSTRATION

● Simplify Room and Resource
BOOKINGS

REDUCES ENERGY COSTS

SAVES THOUSANDS OF STAFF HOURS EACH YEAR

DECREASES FRUSTRATION

IMPROVES EMPLOYEE ENGAGEMENT

DRIVES PRODUCTIVITY

EASY BOOKING

The intuitive interface allows employees to find and book rooms, desks and other workspace from computers, mobile devices, or interactive displays attached to each room or desk.

REAL TIME NOTIFICATIONS

Rifiniti Reserv keeps everyone up-to-date. Administrators see a complete view of all rooms and desks. Organizers get reminders to check in and out. Attendees are notified of any changes.

ENHANCED SCHEDULING

Users can make new bookings or amend existing bookings via a simple calendar interface.

REDUCE ENERGY CONSUMPTION

Rifiniti Reserv eliminates unnecessary travel and reduces the amount of energy needed to heat and light rooms when not in use.

SAVE STAFF TIME

Employees can reserve meeting rooms and desks from anywhere and at any time.

EFFICIENT RESOURCE MANAGEMENT

Administrators can view the status of all resources across their entire organization.

Check-in is quick and easy

FACIAL
RECOGNITION

Here are some of the many ways you can **book a resource** using Rifiniti Reserv

Designed to operate on any device with a web browser, Rifiniti Reserv provides administrators with a clear calendar view of all booked and available resources within their entire organization. Using drag and drop functionality, bookings may be made, edited and deleted directly from this calendar view.

MOBILE APPS FOR IOS AND ANDROID

The Rifiniti Reserv Mobile App allows you to make a reservation in the future at a location of your choice. With a clean and easy to use interface, it takes just seconds to find a suitable resource and confirm your booking.

MICROSOFT OUTLOOK OR RIFINITI RESERV APP FOR OFFICE

Designed to operate on any device with a web browser, the Rifiniti Reserv Enhanced Scheduler provides administrators with a clear calendar view of all booked and available resources within their entire organization.

RIFINITI RESERV ROOM PANEL

The Rifiniti Reserv Room Display Tablets show availability, details of current and forthcoming bookings and facilities available within the room.

WEB-BASED CALENDAR VIEW

For many companies, Microsoft Outlook is front and center when it comes to day-to-day communication and scheduling. That's why Rifiniti Reserv easily integrates with Outlook and offers an app made specifically to work with it.

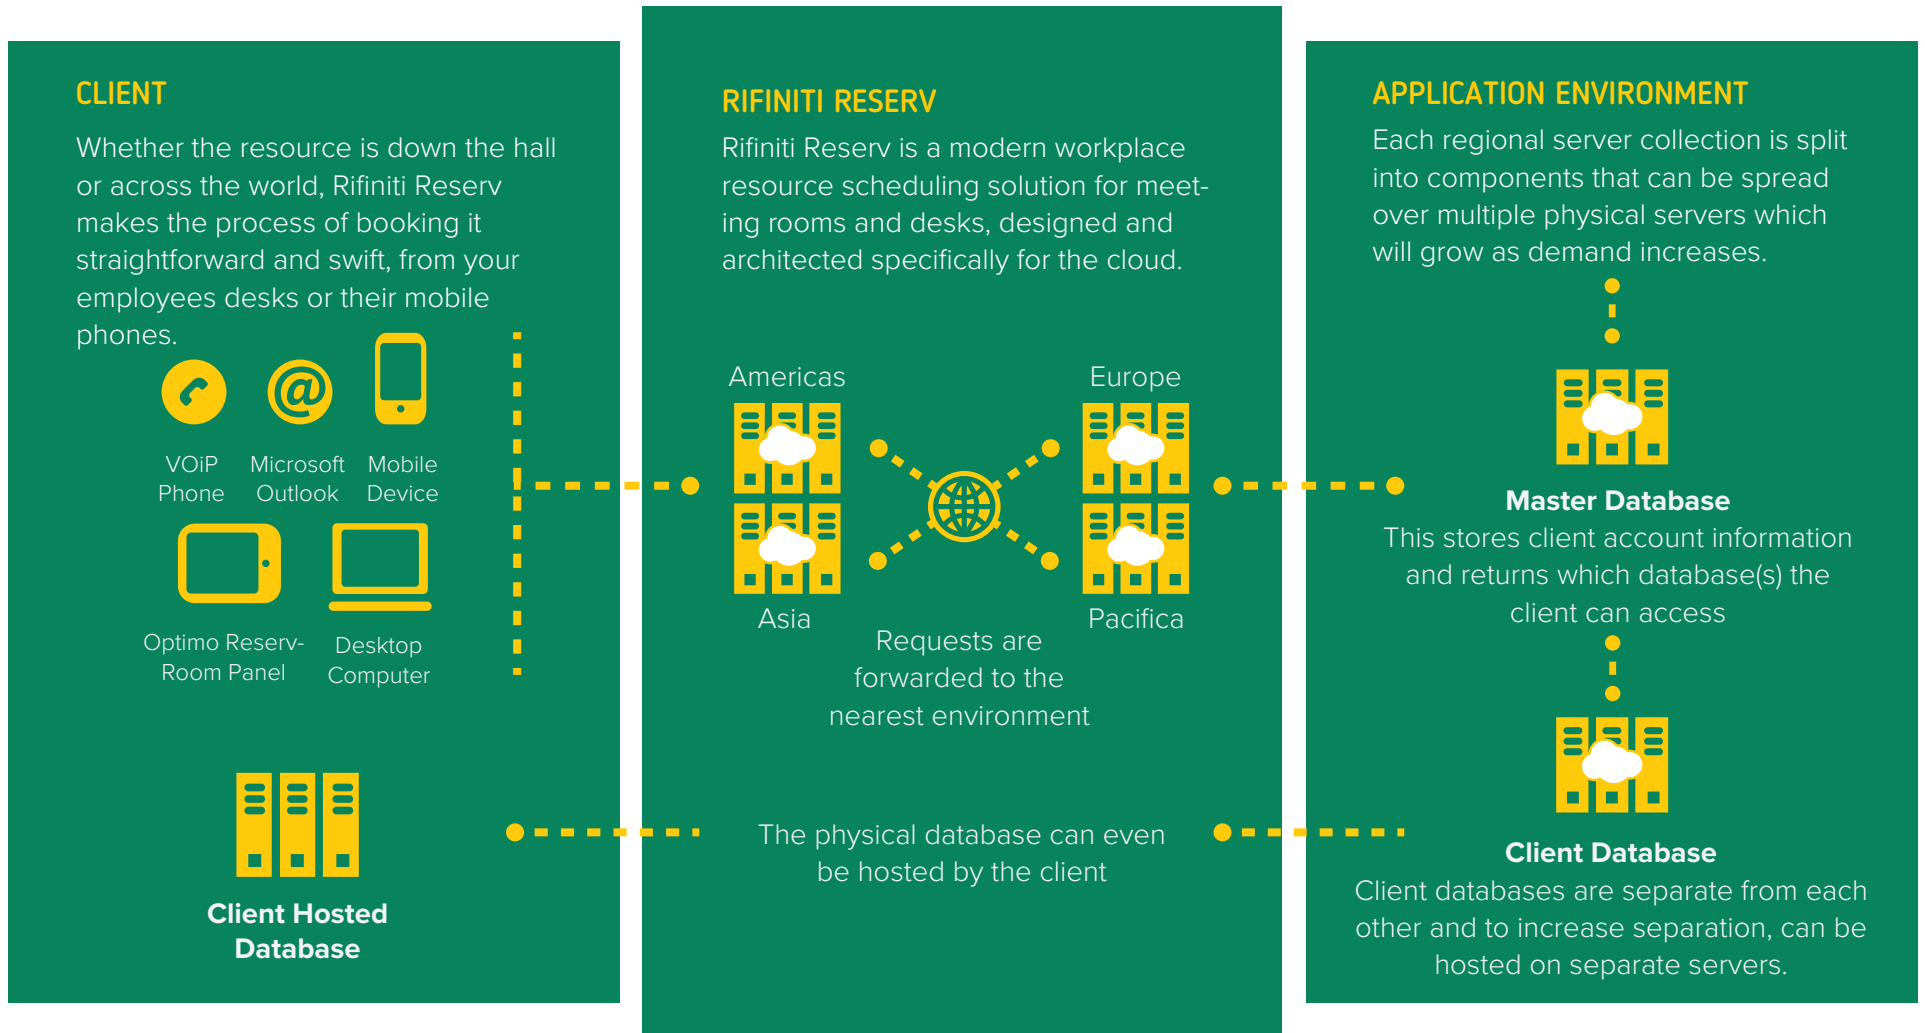

Reserv is even more powerful with **Rifiniti Optimo**

A powerful solution on its own, Rifiniti Reserv has even more impact alongside Rifiniti Optimo, our workplace optimization solution that measures actual space utilization, total cost of occupancy, and employee mobility at multiple scales.

How it Works

Rifiniti Reserv provides instant visibility into the status of all resources across the enterprise. There is no need for heavy in-house IT support. Your exclusive database can be hosted securely either externally or internally, physical or cloud-based.

Check-in is quick and easy through password authentication, QR Code scan, an NFC tag touch or interaction with a Bluetooth device. Rifiniti Reserv is fully scalable, supporting multiple locations, currencies, languages, and time zones for organizations of all sizes.
